

Ten Thousand Vines Winery
SPRING 2019
FRESH JUICE ORDERS

We will again be receiving freshly pressed juices from Chile this April. I had the opportunity to visit several vineyards in Chile this past year and I am selecting the varietals that I believe have the most potential from this year's harvest. These musts are freshly pressed locally and shipped on a refrigerated truck direct to the winery. If you are interested in any of the grapes we are ordering, please reserve your pails in advance. Due to our limited cold storage space, we will order only what we need.

WHITES, \$68.99

Chardonnay
 Sauvignon Blanc

REDS, \$76.99

Cabernet Franc
 Cabernet Sauvignon
 Malbec
 Syrah

If you are interested in purchasing any of these juices, **please have your Pre-Orders to us by Wednesday, March 28th**. We are projecting delivery on April 4th or 5th. Due to the perishable nature of fresh pressed juice, we will notify everyone of the confirmed delivery day in advance and we ask that you make plan to pick up your order within a day of their arrival.

All prices are for 6 gallon pails. A \$20 deposit per pail is required to reserve your order.
