SPRING 2022 FRESH JUICE ORDER

Great News! We are excited to announce that we are ready to start accepting orders for our Spring fresh-pressed juices for home winemakers. We are very excited to be working with a new vendor, they pay great attention to detail and we believe our winemaking friends will notice an improved finish wine from these juices.

Below, you will find information about the freshly pressed wine grape juices, what's available as well as the full prices for the 6-gallon pails of each juice. As in the past, a \$20 deposit is required to place an order and the remaining balance is paid after the juice is delivered in early May.

Due to our limited cold storage space, we will not be ordering any extra quantities.
